

4 Quality Education

Higher Education Council approves the institutional quality of TEDU

TED University entitled to receive 5-year full accreditation by Turkish Higher Education Quality Council (THEQC)!

THEQC has approved institutional accreditation for our University valid for 5 years within the scope of "Institutional Accreditation Program" for the first time ever in higher education in Turkey.

Quality assurance system of the universities aims to increase the contribution of Turkish universities at national level and improve their visibility in the world through the *Institutional Accreditation Program* which enables an evaluation of the education and training, research and development, social contribution and administrative procedures.

TEDU Library is open for everyone

TED University Ayşe İlicak Library is a research library open not only to TED and TEDU members, but also to everyone with the vision of being a city university.

From classrooms to online meetings

The National Congress for Primary Teacher Candidates (USOOK 2021) led by TEDU Primary Education Department was held on May 29-30, 2021 via the digital video conference. The opening speeches of our congress were presented by Assoc. Prof. Dr. Tülin Haşlamam (Head of the Primary Education Department), Elif Yıldırım (representative for the USOOK committee), Prof. Dr. Yüksel Kavak (Dean of the Faculty of Education), and Prof. Dr. Oya Yerin Güneri (TED University Vice Rector) respectively. USOOK which was held for the first time in our country, was organized in 2 parallel sessions, including paper presentations and activities. Paper presentations included 8 research topics in 6 sessions; on the other hand, the activities took place as 2 panels, 13 workshops and 5 talks/conversations.

USOOK 2021 (USOOK 2021) was held together with the experts, pioneering academicians and experienced teachers with the support of TEDU Primary Education students. It was a congress where problems and solutions were discussed. It has been a congress where current and emerging issues, and experiences in our education life are shared in line with the updated developments with the effect of the COVID-19 epidemic in the field of Primary Education, and solutions are discussed in this respect.
